

Joint online meeting - Western Cape Government's DEA & DP and the Western Cape Branch of the National Association for Clean Air

“When NEMA & NEM: AQA Apply to A Facility–What You Need to Know”

Programme

10:00 - 10:05	Ms Sally Benson, NACA Western Cape Branch, Chairperson Welcome, and Introduction to The National Association for Clean Air
10:05 - 10:30	Ian Gildenhuys, City of Cape Town and Zaidah Toefy, DEA&DP Authority’s Perspective on The NEMA and NEM: AQA Rectification Process.
10:30 - 10:55	Melissa Groenink, Cullinan and Associates The Juggling Act: Balancing Regulation of Air Quality and Pollution
10:55 - 11:20	Colleen McCreadie, The Environmental Practice When NEMA And NEMAQA Both Apply to an Emitting Facility: The Application Process, Licence Management and Resolving Non-Compliances.
11:20 - 11:30	Body Break
11:30 - 11:55	Nicolette Von Reiche, Soundscape Consulting The Benefits of Atmospheric Dispersion Modelling for Compliance Resolution. Overview of New Noise Impact Assessment Regulations.

Latest Technology: Portable Air Quality Samplers Low Cost Sensors

- 11:55 – 12:10: Grant Ravenscroft, Argos Scientific (Africa) Pty Ltd.** -The APIS Low-Cost Multi-sensor Air Quality Monitor & Met Station
- 12:10 – 12:25: Riaan Kruger, C&M** - Earthsense Zephyr Air Quality Sensor
- 12:25 – 12:40: Martin van Nierop, Ero Africa** - Low Cost Sensor Instruments
- 12:40 – 12:55: Envirocon Instrumentation** - Low Cost Sensor Instruments
- 12:55 – 13:10: Deon Posthumus, Levego Environmental Services** - Carrier-Gas-Free Portable GC BTEX Analyser - The New Frontier for Real-Time Monitoring of Aromatics
- 13:10 – 13:25: Mark Rowand, SI Analytics** - “Not all sensors are equal”
- 13:25 – 13:40: Quentin Hurt, Skyside** - Low Cost Continuous PM Analysis
