## **To the members of the National Association for Clean Air**

We have reviewed the annual financial statements of The National Association for Clean Air, set out on pages 3 to 9, which comprise the statement of financial position as at 30 June 2019 and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and the notes, comprising a summary of significant accounting policies and other explanatory information.

## **Trustees's Responsibility for the Annual Financial Statements**

The association's trustees are responsible for the preparation and fair presentation of these annual financial statements in accordance with International Financial Reporting Standard for Small and Medium-sized Entities and the requirements of the Companies Act 71 of 2008, and for such internal control as the trustees determine necessary to enable the preparation of annual financial statements that are free from material misstatement, whether due to fraud or error.

## **Independent Reviewer Responsibility**

Our responsibility is to express a conclusion on the annual financial statements. We conducted our review in accordance with International Standards on Review Engagements (ISRE) 2400 (Revised), Engagements to Review Financial Statements. ISRE 2400 (Revised) requires us to conclude whether anything has come to our attention that causes us to believe that the annual financial statements, taken as a whole, are not prepared in all material respects in accordance with the applicable financial reporting framework. This Standard also requires us to comply with relevant ethical requirements.

A review of annual financial statements in accordance with ISRE 2400 (Revised) is a limited assurance engagement. The independent reviewer performs procedures, primarily consisting of making inquiries of management and others within the entity as appropriate, and applying analytical procedures, and evaluates the evidence obtained.

The procedures performed in a review are substantially less than those performed in an audit conducted in accordance with International Standards on Auditing. Accordingly, we do not express an audit opinion on these annual financial statements.

## **Unqualified conclusion**

Based on our review, nothing has come to our attention that causes us to believe that these annual financial statements do not present fairly, in all material respects the financial position of the National Association for Clean Air at 30 June 2019, and its financial performance and cash flows for the year then ended in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and the requirements of the Companies Act 71 of 2008,

## **Other reports required by the Companies Act**

As part of our independent review of the annual financial statements for the year ended 30 June 2019, we have read the trustee's report for the purpose of identifying whether there are material inconsistencies between that report and the reviewed annual financial statements. The trustee's report is the responsibility of the trustees. Based on reading that report we have not identified material inconsistencies between it and the reviewed annual financial statements. However, we have not reviewed the trustee's report and accordingly do not express a conclusion thereon.
